Every CHILD and FAMILY deserves to be saved...

Dear Friend:

Grace and peace to you from God our Father and the Lord Jesus Christ.

We, at **Emmanuel Youth and Family Mission Services**, a Christian Social Service ministry, is looking forward for you to be a part of its vision to intervene, transform, restore one youth and family at a time regardless of racial, religious and socio-economic background through a holistic approach of presenting the power of the Christian message.

In line with this, we are inviting you to join us and be a partner in one of our newly launched program, the **Project Refuge**. It is a **Biblically-based, evangelical Christian helpline** utilizing the Word of God sourced out from the Scriptures through the power of the Holy Spirit to help, comfort, and support youth and family that might be experiencing some form of crisis. A helpline like **Project Refuge** can meet the needs of the youth and family promptly and effectively.

Since Project Refuge is a helpline, our partners feel that this type of ministry is on the cutting edge of 21st century evangelism. It is an outreach program that any church can adopt at once- simple, initially requires a few dedicated persons, economical and yet very effective. The materials that we would like to share with you had been used by at least 63 Christian crisis centers both here and abroad for the past twenty-five years. It is an excellent avenue for Christ compassion to a humanity that is hurting and looking for answers. The results are **many** saved lives, although the approach is always one youth and family at a time.

In addition to a helpline, Project Refuge would like to offer in-person counseling, training, fellowship, and other support services in partnership with various churches and organization.

Please visit our website at www.redemfamily.com to learn more about us. We will be glad to assist you further with your questions and how you can be a part of this exciting ministry.

May God bless you and prosper you in the ministry He has entrusted to you.

In Christ,

ANABELLE HECKATHORN
Executive Director
